

Global Choice for Google Meet Usage

Another setting concerns the possibility of using Google Meet to send Call links that will be automatically generated when selecting the “Video Call” field during event creation. The system administrator can choose whether to allow users to use the Meet platform, or disable it. (The individual user can then choose whether to use it or not from the user preferences.)

Default Google Meet

A dropdown menu with a white background and a blue border. The current selection is "ON", which is highlighted with a blue background. Below the dropdown, the options "ON" and "OFF" are listed in a white box with a blue border.
