

12.1 Job Orders

From vtenext 20.04 the new module Job Orders is now available. The module is linked to the Project Plans one. In this way more than one project plan can be related to the same Job Order.

Project Plan detail with related Job Order

N.B.: it is possible to link an existing Job Order from the Project Plan module but it is not possible to choose an existing Project Plan from the Job Order record.

Revision #2
