

12.4 Project Milestones and Progress Chart

Project Milestones represent the end points of planning steps. In the graph they are represented by a dot on the indicated day.

It is also possible to change the colour of the bars in the graph in **SETTINGS > LISTVIEW COLOURS**.

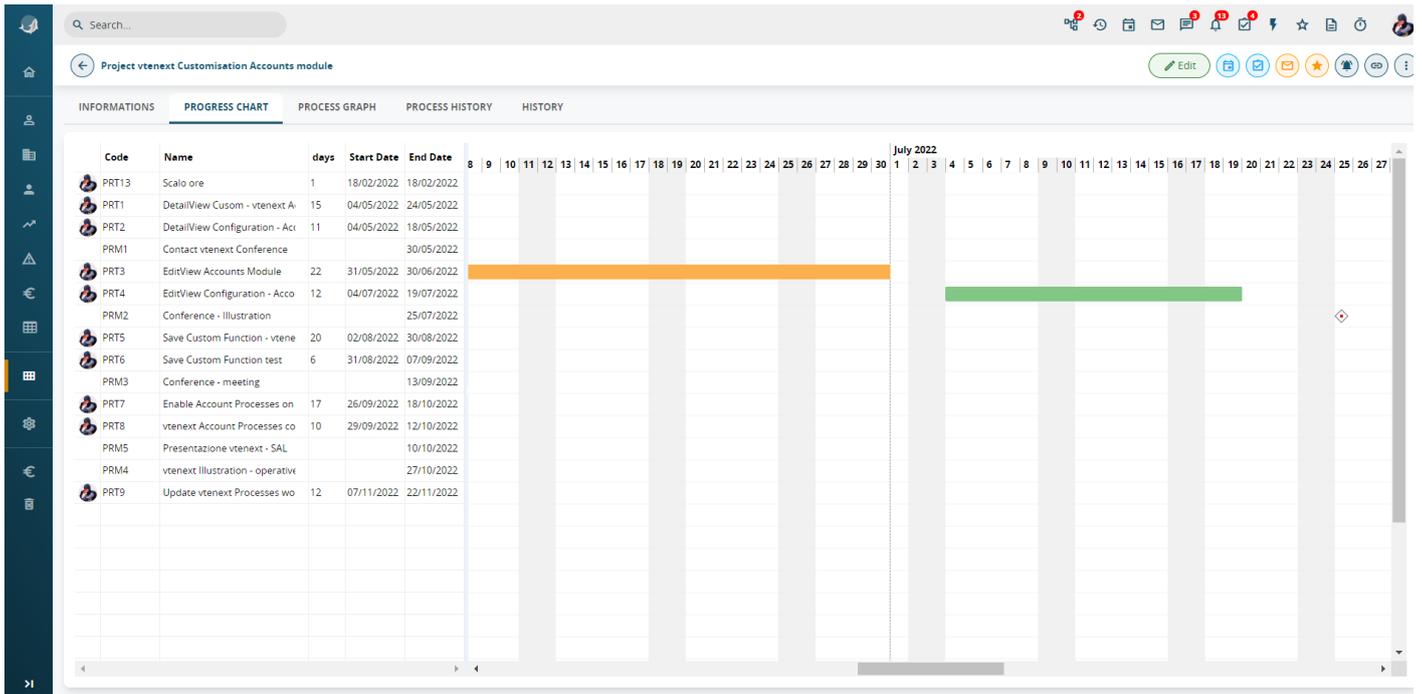

The screenshot shows the 'Settings > Listview colors' configuration page. The page allows users to configure the colors of list views. The configuration options are:

- Select a module: Accounts
- Select a field: Rating
- Coloring style: Full row
- Color intensity: 75%

The 'Rating - Coloring preview' section shows the following color palette:

State	Color	Hex Code
None	White	
Acquired	Yellow	#ffee58
Active	Green	#4caf50
Market Failed	Orange	#f4511e
Project Cancelled	Red	#e53935
Shutdown	Grey	#78909c

By selecting the Project Tasks module, and changing the colour linked to the value in the TYPE drop-down menu, you can obtain a result as follows:

Revision #2
