

13 Reports and charts

Through Reports and Charts, you can examine the data in vtenext and extrapolate them from different points of view.

- [Reports](#)
- [Charts](#)

First of all, you have to identify the type of data extraction you want (i.e.: what do you want to obtain?) and, from there, build a report.

The screenshot displays the 'Report: Contacts by Accounts' interface. At the top, there is a search bar and a navigation menu. Below the search bar, the report title 'Report: Contacts by Accounts' is visible, along with 'Edit' and 'Share' icons. The interface includes a 'Time interval' section with a 'Select Column' dropdown set to 'Contacts - Modified Time', a 'Select Time' dropdown set to 'Custom', and 'Start Date' and 'End Date' fields. A 'Refresh' button is located below these fields. The main content area has tabs for 'SUMMARY', 'REPORT', and 'CHARTS', with 'REPORT' selected. Below the tabs, there is a 'Show 50 entries' indicator and a search bar. The table below has the following columns: 'Accounts Industry', 'Contacts Lead Source', 'Contacts First Name', 'Contacts Last Name', 'Contacts Account Name', 'Contacts Email', and 'Action'. Each column has a search input field. The table contains 10 rows of data, with the first row showing a contact named Barbara Jones from the company 'barbara_jones@company.com'.

Accounts Industry	Contacts Lead Source	Contacts First Name	Contacts Last Name	Contacts Account Name	Contacts Email	Action
