

13 Reports and charts

Through Reports and Charts, you can examine the data in vtenext and extrapolate them from different points of view.

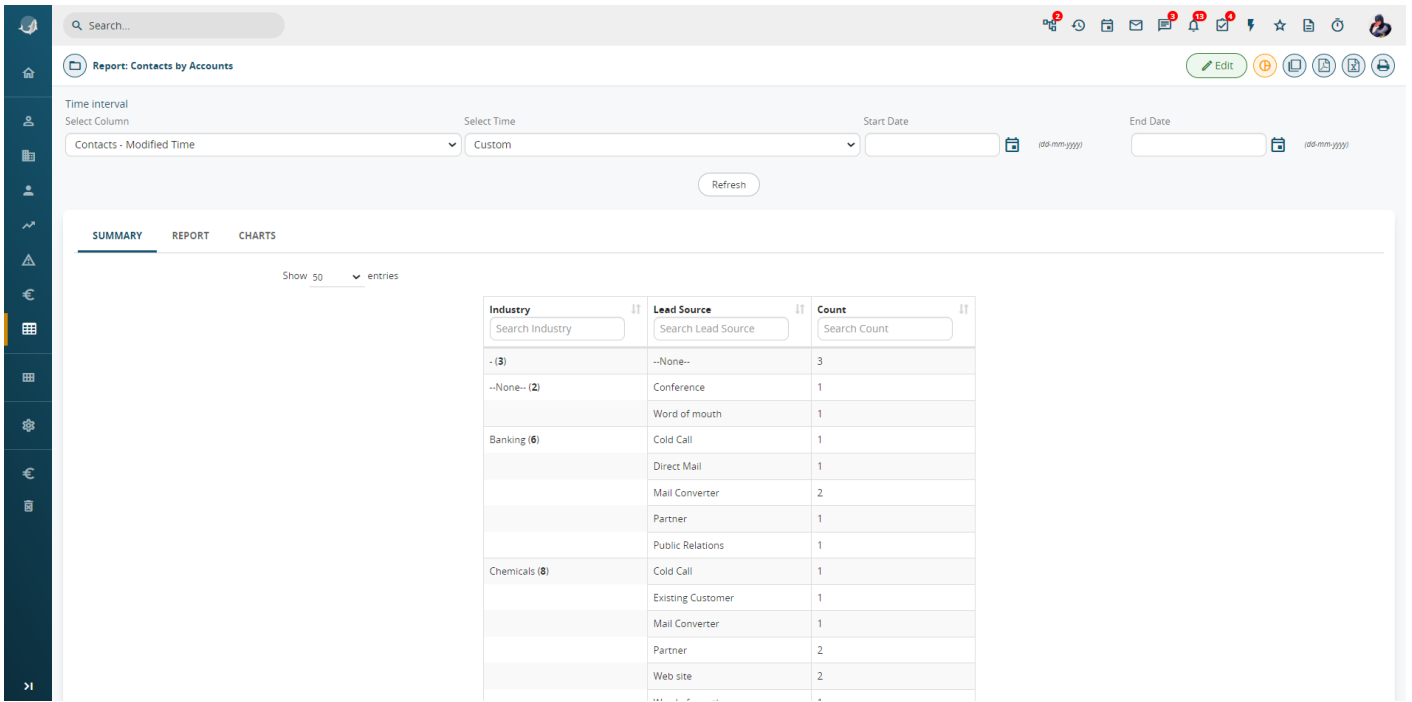

- [Reports](#)
- [Charts](#)

First of all, you have to identify the type of data extraction you want (i.e.: what do you want to obtain?) and, from there, build a report.

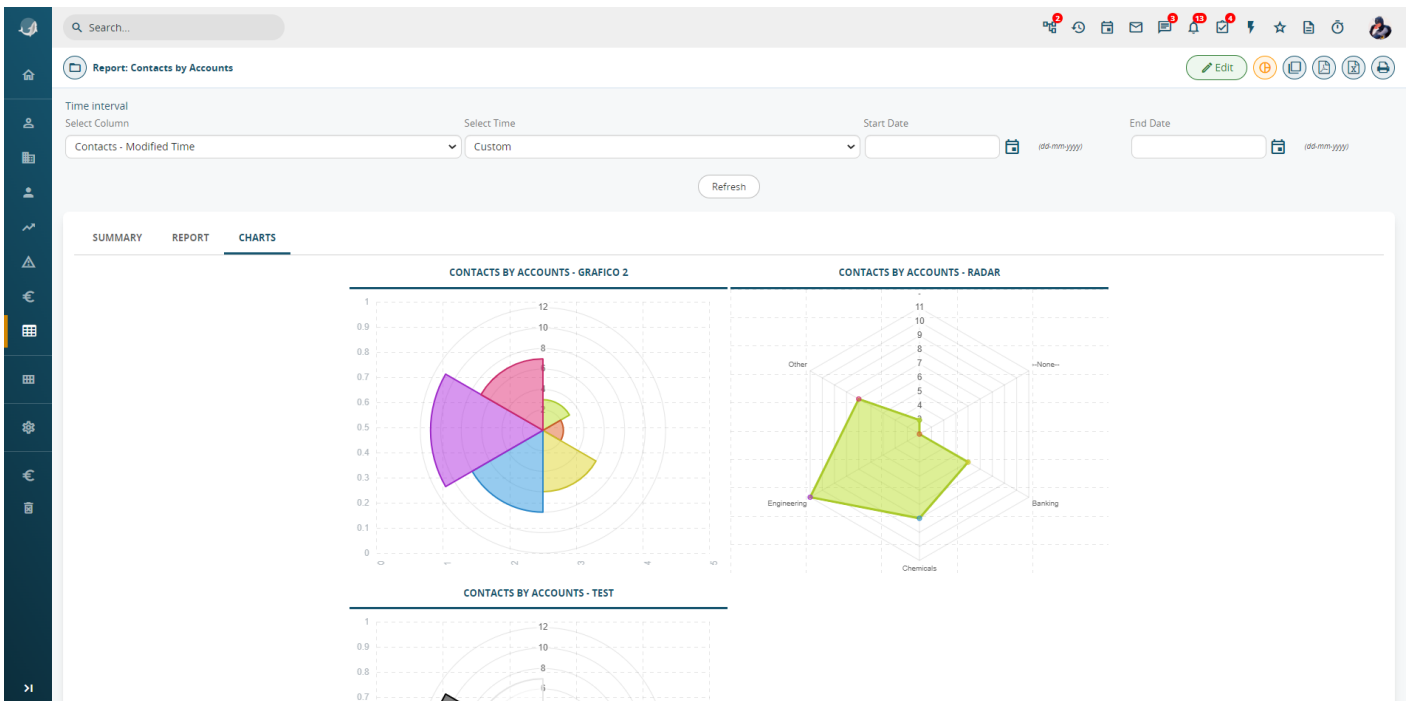

The screenshot displays the 'Report: Contacts by Accounts' interface. At the top, there is a search bar and a navigation menu. Below the search bar, the report title 'Report: Contacts by Accounts' is visible. The interface includes filters for 'Time interval' and 'Select Column', with 'Contacts - Modified Time' selected for the column and 'Custom' for the time interval. There are also fields for 'Start Date' and 'End Date'. A 'Refresh' button is located below the filters. The main content area shows a table with columns for 'Accounts Industry', 'Contacts Lead Source', 'Contacts First Name', 'Contacts Last Name', 'Contacts Account Name', 'Contacts Email', and 'Action'. The table contains 10 rows of data, including contact information for various industries like Banking and Chemicals.

Accounts Industry	Contacts Lead Source	Contacts First Name	Contacts Last Name	Contacts Account Name	Contacts Email	Action
-	--None--	Barbara	Jones	-	barbara_jones@company.com	View Details
-	-	-	test	-	cavallarini.alberto@yahoo.com	View Details
