14.5 Export to PDF

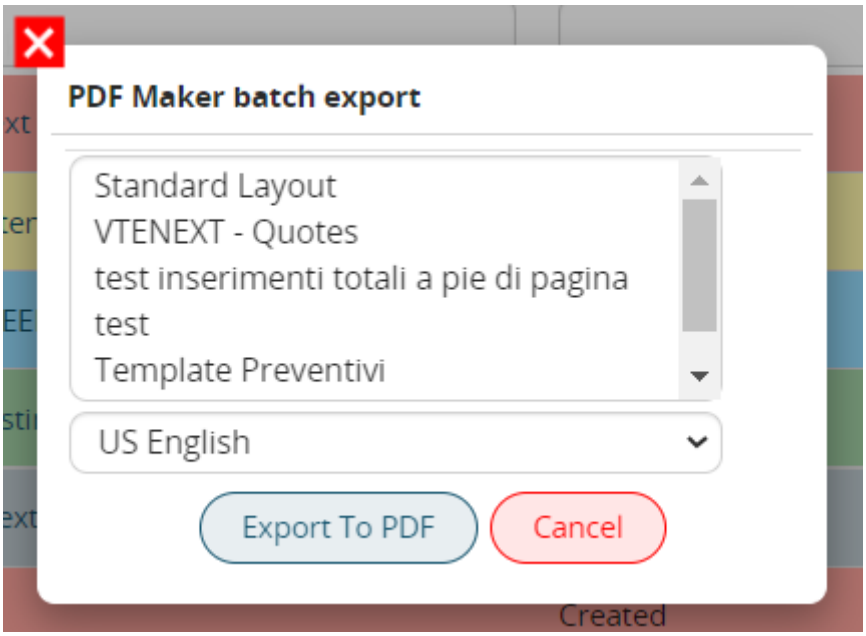

To generate a PDF, access the main module registry (e.g.: Quotes) and click the Other button in the top right-hand corner. The PDF Maker panel for exporting the document will appear. Choose the desired model and press Export in PDF.

At this point the system will generate the document.
You can generate a PDF merge for multiple entities: select the entities from the list view and press PDF Export:

Then choose the template for massive export:
