

# 14.1.1 Insert images in PDF

Press the Image button in the editor:

<b>URL</b>	insert the URL of the image (if already present); if the URL is not already present, click Search on the server to upload an image
<b>Width / Height</b>	to change the image size in the template
	blocks height-width proportions
	resets the original size
<b>Border</b>	enter a numerical value in pixels corresponding to the thickness of the border for the image (blank for no border)
<b>HSpace / VSpace</b>	enter the coordinates for positioning the image with respect to the text base line (blank to set the default position, in line with the text)
<b>Alignment</b>	define the alignment of the text
