

# 14.1.2 Insert tables in PDF

To create a table in the PDF Maker, simply use the appropriate function in the editor, which is highlighted in the following image:

When the "table creation" icon is clicked, a dialog window will open that will allow us to enter the values of the specific table we want to create:

Cell padding

OK

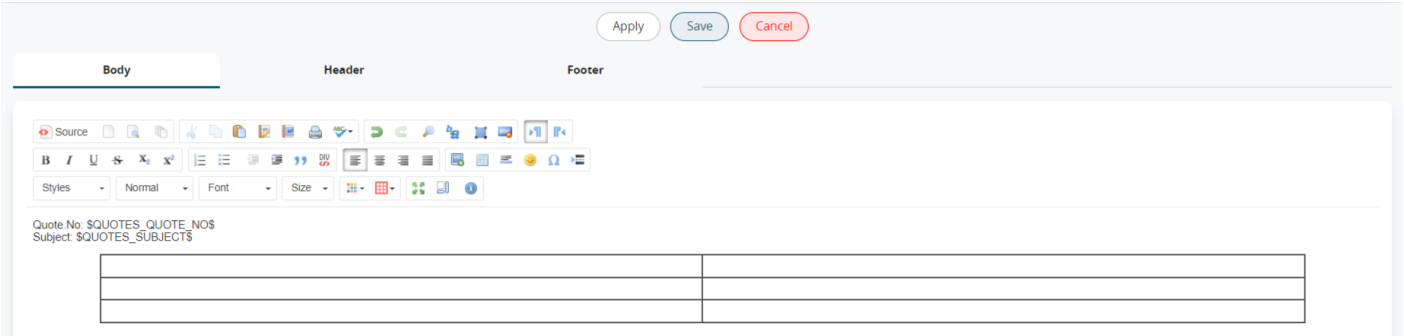

Cancel

Border dimension	put zero if you do not want to display the border
Cells spacing	space between cells

## Cells Padding

space between the border of the cell and the beginning of the content (text)

When you click OK, the table appears in the BODY tab of the editor.

Right-click to change the properties of the table. You can also set properties solely for the cell where the cursor is located.
