

14.5 Export to PDF

To generate a PDF, access the main module registry (e.g.: Quotes) and click the Other button in the top right-hand corner. The PDF Maker panel for exporting the document will appear. Choose the desired model and press Export in PDF.

The screenshot displays the system interface for a quote record titled "Quote Davis - vtenext Total". The interface includes a search bar, a navigation menu on the left, and a top toolbar with various icons. The main content area is divided into sections: "Quote Information" and "Address Information".

Quote Information

123 Anywhere Street	

The PDF Maker panel is open, showing a list of templates and options for exporting to PDF. The templates listed are:

- Standard Layout
- Template Preventivi
- Template Preventivi
- test
- test inserimenti totali a pie di pagina
- US English

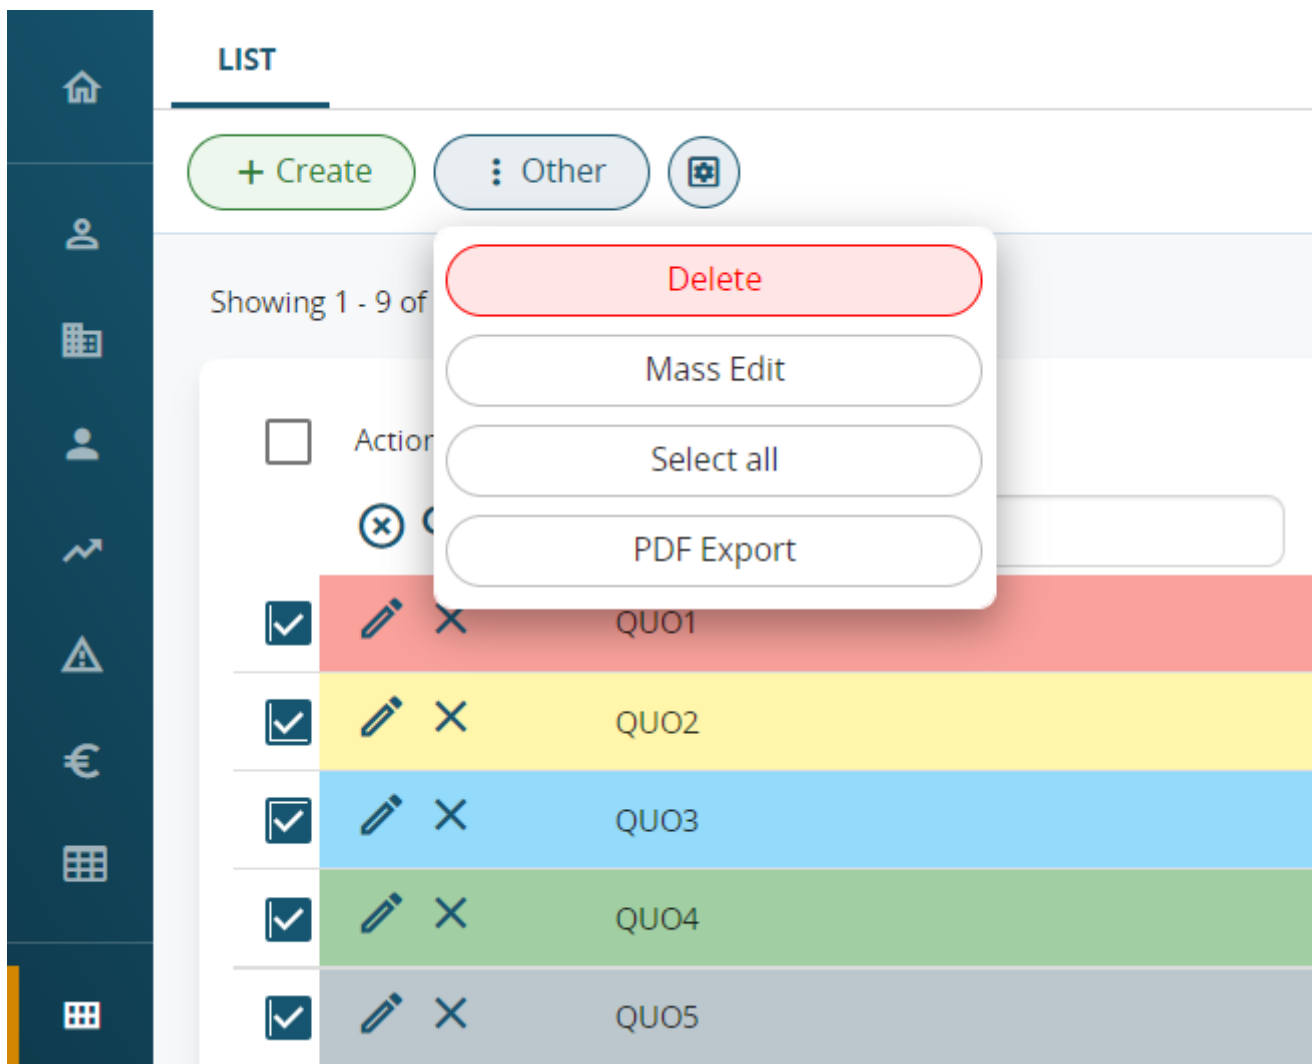

The options for exporting to PDF are:

- Export To PDF
- Edit and Export To PDF
- PDF Product Page Break
- Send Email With PDF
- Save PDF into Documents
- PDF Product Images

The panel also includes a "Delete" button and a "PDF Maker" button.

At this point the system will generate the document.

You can generate a PDF merge for multiple entities: select the entities from the list view and press PDF Export:

Then choose the template for massive export:
