

17.13 List view colours

Allows for the application of custom colours of views by list, or related list, based on the value assumed by a picklist-type field or control box. **Note that only one field can be chosen per form.**

Furthermore is possible to choose the **style through which color records**, which are: Full row, Little block on the left or Thin line in the bottom of the record. Lastly is possible to adjust the color intensity, thanks to a slider that manage the percentage value.

Full row	<div><div>Acquired</div><div>Active</div><div>Market Failed</div><div>Project Cancelled</div><div>Shutdown</div><div>--None--</div></div> <div><div>#ffee58</div><div>#4caf50</div><div>#f4511e</div><div>#e53935</div><div>#78909c</div><div></div></div>
Little block on the left	<div><div>Acquired</div><div>Active</div><div>Market Failed</div><div>Project Cancelled</div><div>Shutdown</div><div>--None--</div></div> <div><div>#ffee58</div><div>#4caf50</div><div>#f4511e</div><div>#e53935</div><div>#78909c</div><div></div></div>
Thin line	<div>Rating - Coloring preview</div> <div><div>Acquired</div><div>Active</div><div>Market Failed</div><div>Project Cancelled</div><div>Shutdown</div><div>--None--</div></div> <div><div>#ffee58</div><div>#4caf50</div><div>#f4511e</div><div>#e53935</div><div>#78909c</div><div></div></div>

For example, we want to view Accounts records with colour based on the **Rating field**.

Rating - Coloring preview

Acquired	#f5e58c
Active	#6caf50
Market Failed	#f44336
Project Cancelled	#e53935
Shutdown	#78909c
--None--	

Save

Edit page to change the color of the Accounts based on Rating field

This colour will then be shown on the All filter (no active filter) and on the custom filters created for the module.
