

# 17.13 List view colours

Allows for the application of custom colours of views by list, or related list, based on the value assumed by a picklist-type field or control box. **Note that only one field can be chosen per form.**

Furthermore is possible to choose the **style through which color records**, which are: Full row, Little block on the left or Thin line in the bottom of the record. Lastly is possible to adjust the color intensity, thanks to a slider that manage the percentage value.

How the list view color configuration appears in the settings:

<b>Full row</b>	
<b>Little block on the left</b>	
<b>Thin line</b>	
<b>Field</b>	

For example, we want to view Accounts records with colour based on the **Rating field**.

Settings > Listview colors  
Configure colours of List Views

Select a module: Accounts

Select a field: Rating

Coloring style: Full row

Color intensity: 50%

RATING - COLORING PREVIEW

--None--		
Active	#ffee58	
Suspended	#ff7043	
Permanently Closed	#d81b60	
Lost Customer	#546e7a

### Edit page to change the color of the Accounts based on Rating field

The coloring will be displayed on the "All" filter and on custom filters created for the module. Here's how it appears:

Action	Account No	Account Name	Annual Revenue	Phone	Email	VAT Registration Number	Type	Billing State	Assigned To
> <input type="checkbox"/>	ACC17	De BRUNE CORIONAL s.n.c.	0.00	3395088235	test123@test123.com	72087350046	Azienda Cliente	MI	
> <input type="checkbox"/>	ACC3	EDFG Group Limited	0.00	(150) 009-5971	test123@test123.com	26879730278	Azienda Cliente	MI
