

8.4 Price Books

The function of a price book is to collect a set of products whose price changes compared to the unit price, defined in the product record. To create a price book, click on 

To avoid confusion, the Price Book must be given a unique name. The program also allows the insertion of a description for possible future reference. Refer to the information given for the Products and Services modules in relation to the relevant fields.

Action	Product Name	Part Number	Unit Price	List Price
	product b		20.00	20.00
	product a		10.00	10.00
	Sharp - Plain Paper Fax	sg-119	969.00	969.00
	vteneXt 50 Users Pack	005	4995.00	4995.00
	vteneXt 10 Users Pack	003	1299.00	1299.00
