# 3.12 Services

This module contains the list of services that can be offered to customers. As in the Web version, they differ from Products only by including management of man hours, which is difficult to manage using the Products module. The relations menu can be used to access and possibly add data correlated with the related modules present.

Service detail

Organizational layout of related modules		
Conversations	Notes	Quotes

Sales Orders	Invoices	Accounts
Potentials	Messages	Trouble Tickets
Purchase Orders	Leads	Contacts
Documents	Service Cotracts	Processes
